

START PLUS 4824 12-24V

Overview

START PLUS 4824 12-24V

cod. 829570

Battery-powered starter suitable for 24V starting of trucks, vans, tractors and 12V starting of cars, vans, boats, power sources, etc. The 12V output is a power source for use in emergencies; when connected to the cigar-lighter outlet it maintains the voltage on all circuits during battery changes of vehicles with 12V batteries. It does not damage the electronics of the vehicle and allows for a large number of starting operations before being recharged. Start Plus can be recharged using the battery charger T-CHARGE 12 included in the package (for the safeguard of the battery, charge for 12 hours before use, charge again after each use and every 3 months in any case). Complete with positive-negative cables with clamps.

Technical data

CODE	CODE 829570	STARTING CURRENT	1600 / 800 A	WEIGHT	30 kg
MAINS VOLTAGE	230 V	MAX STARTING CURRENT	4400 / 2200 A	EAN CODE	800489794085 4
STARTING VOLTAGE	12 / 24 V	DIMENSIONS	30,5 - 36 - 63 cm	PIECES/PALLET	12 pz/pallet
BATTERY CAPACITY	40 / 20 Ah
